MEMORANDUM

W

hile many game companies put the name of a personality behind their

products, at Accolade we put that personality in our products. The result is entertainment alive with the fire, flamboyance and magnetism of great stars from the worlds of sports and entertainment.

Within these pages you'll find games that pulse with the intense competitiveness of Jack Nicklaus, the play-by-play magic of Al Michaels, the will-to-win of Mike Ditka, the humorous horror of Elvira, the warm and funny wit of Snoopy and the outrageous personality of our newest star, Bubsy Bobcat.

And there's more to come. In the months ahead, you can look forward to one great game after another as we release action-packed titles starring Brett Hull, Pele, Speed Racer and other sensational personalities.

Along with their own unique personalities, Accolade games feature realistic simulations,

superb graphics and imaginative gameplay that keep the action fun and exciting no matter how many times you play.

And now, for the first time ever, our 1993 catalog includes both computer and video games, titles that span the spectrum from sports to driving, role-playing, science fiction, graphic adventure and interactive cartoons.

You can be confident that whatever games you most enjoy — from playing baseball on a PC to playing with a bobcat on a video game system — Accolade has a "game with personality" for you.

JACK NICKLAUS' GOLF AND COURSE DESIGN: SIGNATURE EDITION

"Being voted 'Player of the Century' was a great honor for me," says golf legend Jack Nicklaus. "My goal when I started playing golf was to be the best I could possibly be. As a designer, my goal isn't any different."

That's why he is so excited about the all-new 256 color VGA Course Designer in his Signature Edition. The game will challenge your physical skill, your mental toughness and, yes, your creativity. But then, for

Jack, the greater the challenge, the greater the golf game.

- "The Good Lord never drew a straight line. And you'll never find a straight line on a Nicklaus-designed course."

— Jack Nicklaus

- At the Centennial of Golf in America celebration in 1988, Jack Nicklaus was named the "Golfer of the Century" by golfing officials and journalists from around the world.
